Solange

We don't need a love affair
Listen to the sounds of this despair
We don't need to lay in bed
Waking up from place to place
We don't need to pay our rent
Listen to the sounds of this right here
We don't gotta pave our way
We can live from place to placeC'mon love let's get away
Listen to the sounds of this despair
Take your money to the bank
Tell em we gonna throw it all away
Candy coated painted moods
Listen to the sound of it in you
We don't need a love affair
Listen to the sounds of this despair
We don't need to lay in bed
Sleep all day we'll sleep when dead
We don't need to wait on them
Listen to the sounds of this right here
We don't need to pave our way
Take this love on face to faceTake your money to the bank
Tell em we gonna throw it all away
Freedom brings a paper chase
Tell em we got soul and we gonna stay
Righteous fallen people pray
But we got something real
That you're going to hate
Make a test and change your name
Nobody has the power but you and me
Baby you run for you and you run for me
We gonna tell em what it is
Yeah we don't care
Gotta live our lives and don't look back
Best believe I believe in love
Yeah I got the faith
Just to be the lights of the days
Play it out from place to place and get away
