Crooked

Slapstick

On the corner there's a bunch of people livin cause they haven't got a place to stay
The president can't see them no he doesn't give a fuck
and their anger grows and grows each dayWell I can see the government is putting on a show
I can see right through it, it's fuckin crooked to the bone
It's a time bombSomewhere in a factory there's a little guy working off his balls for the minimum wage
While the big guys sits around just standing in his office making money on his ass all dayWell I can see right through it, and it's crooked to the bone
It's a fuckin time bomb fuckin ready to explode
It's a time bomb
Unity's the answer and we gotta join together
cause it's gettin harder every day
Start a revolution, tell those fuckers in power
to get the fuck out of our way
Well I can see right through it, and it's crooked to the bone
I can see right through it, it's fuckin crooked to the bone
It's a time bomb
It's gonna be a time bomb
