

# Crooked

## Slapstick

On the corner there's a bunch of people livin cause they haven't got a place to stay  
The president can't see them no he doesn't give a fuck  
and their anger grows and grows each dayWell I can see the government is putting on a show  
I can see right through it, it's fuckin crooked to the bone  
It's a time bombSomewhere in a factory there's a little guy working off his balls for the minimum wage  
While the big guys sits around just standing in his office making money on his ass all dayWell I can see right  
through it, and it's crooked to the bone  
It's a fuckin time bomb fuckin ready to explode  
It's a time bomb  
Unity's the answer and we gotta join together  
cause it's gettin harder every day  
Start a revolution, tell those fuckers in power  
to get the fuck out of our way  
Well I can see right through it, and it's crooked to the bone  
I can see right through it, it's fuckin crooked to the bone  
It's a time bomb  
It's gonna be a time bomb
