## Keyn project

I'm out to mix it up and change my complexion  
To coat the feelings and cure my depression  
A shot of petrol is my bonafide method  
To lose control and get thoroughly distracted I'm on the money, here I come  
Fuel for my engine and I'm gone I like to forget why I feel this compulsive  
As I toss tomorrow's dreams in the garbage  
What's important is a mind that's sicker  
Turning Jekyll into Hyde much quicker I'm on the money, here I come  
Fuel for my engine and I'm gone 1, 2, 3, 4, 1, 2, 3, 4  
Kick start and turn me over  
Punch drunk but I'm still sober  
Fourteen years and a whole lot bolder And I don't flinch  
Hungry and I'll take the best  
'Cause I never wanted anything less  
What doesn't kill me makes me stronger It's like a war inside me, I'm good, I'm evil  
Two sides of the coin and I've been blessed with both  
On one hand I am you but I don't like you  
I guess that's the nature of the way things work I'm on the money, here I come  
Fuel for my engine and I'm gone 1, 2, 3, 4, 1, 2, 3, 4  
Kick start and turn me over  
Punch drunk but I'm still sober  
Bukowski's on my shoulder  
With much to think, hungry and I'll take the best 'Cause I never wanted anything less  
What doesn't kill makes me stronger  
It's like a war inside me, action is all I know  
Tell me it's suicide, tell me something I don't know I don't know why I've been made some kind of hero  
When I've done all I can do to prove I'm not  
It's amazing to think someone could trust me  
Tell me what do you know about me really? And I you make the mistake of getting close to  
Me, you'll just give me all that you've got  
So I don't know why I've been made some kind of hero  
When I've done all I can do to prove I'm not 1, 2, 3, 4, 1, 2, 3, 4  
Kick start and turn me over  
Punch drunk, but I'm still sober  
Fourteen years and a whole lot bolder And I don't flinch  
Hungry and I'll take the best  
'Cause I never wanted anything less  
What doesn't kill me makes me stronger 1, 2, 3, 4, 1  
I can't close this broken door

It's just the nature of the way things work  
You wanna be me, I don't give a damn  
Anyone can do it but it takes a man not to  
Try so hard to give me a real life  
Anyone can do it but it takes a man not to  
It's just the nature of the way things work
