

F**k Off

The Lonely Island

Hey Yo!

This one is dedicated to all the little kids out there

Who's parents are always riding them

Telling them to 'do your homework'

Never letting you eat desert

Making you go to bed before you're ready

Well listen

The next time they are acting bogus

I want you to try this out

Stand up on your tippy toes

Look them dead in the eye

And say "Mom, Dad, you can both...

Fuck off, I don't want your life

I don't owe you shit

And I hate your rules

Fuck off, so get out of my room

You can suck my dick

Motherfucking shit-head bitch

You can Fuck oh-oh oh-oh

I'm gonna live forever

Oh-oh oh-oh

I hope you get butt fucked in prison" And that's what you should say

But what about at school

How many kids out there have a teacher

That's always ridding them?

Saying "don't eat paste, don't talk during nap time"

Well the next time your teacher is being a grumpasaurus

Stand tall, look them dead in the eye

And say "teacher, could you help me out and just...

Fuck off, you can't teach me shit

And if I was you, I'd slit my wrist

Fuck off, cause I might be young

But i'll dig your grave, 'til the job is done

You can Fuck oh-oh oh-oh

I'm gonna live forever

Oh-oh oh-oh

I hope you get butt fucked in prison" Because we are the kids in the USA

We think for ourselves, so get the fuck out our way

And all you adults can choke on shit

We hope you suffocate on a dog's dick Fuck off, you think I'm a punk
Your face looks like an elephant's cunt
Fuck off, cause youre not my dad
So shut the fuck up and wipe my ass
So fuck oh-oh oh-oh
I'm gonna live forever
Oh-oh oh-oh
I hope you get butt fucked in prison Be good to each other peace
