Goodbye, Thanks for Trying.

Sodoi

I've lost some friends in the past.
I've forgotten the color of their eyes.
I gave up on them.
I gave up on them.I changed the rules to my own game.
I let god dictated my own faith.
I've fucked up.
I've fucked up.I stayed my distance from my friends.
I broke the promises I made.
I gave up on you.
I gave up on you.
I gave up on you.
I gave up on you.
