It's Alright

[Bardot](#)

It's cool with me boy if you've got somewhere to go
Although we made some plans
I'm going with the flow
Won't hear no drama out of me
Won't hear no noise
'Cause I'll be hanging with the girls
Will you be hanging with the boys
Won't be sitting by the phone
Gonna put my make-up on
And be out, call me when you get home
Hit me when you get home baby
CHORUS
It's alright, it's ok
I am not gonna do your thang
'Cause I will be doing mine
Think I'm gonna dance all night
If you don't know by now
I'm not a silly girl
So what you do with me
It might not work with her
What I've been through in my life
Only made me strong

So I ain't trippin' 'bout no man
Baby I'll see you when I can
Won't be sitting by the phone
Gonna put my make-up on
And be out, call me when you get home
Hit me when you get home baby
It's alright, it's ok
I am not gonna do your thang
'Cause I will be doing mine
Think I'm gonna dance all night
I'm not worried 'bout tomorrow
I'm just living for today
I've got my mind on letting go boy
So go out and do your thing
Ain't no pressure let's make plans
And just hook up another time

Keep on doin' what you're doin'
I'll be fine
It's alright, it's ok
I am not gonna do your thang
'Cause I will be doing mine
Think I'm gonna dance all night
