

# The Handler

Muse

You were my oppressor  
And I, I have been programmed to obey  
But now, you are my handler  
And I, I will execute your demandsLeave me alone  
I must disassociate from youBehold my transformation  
And you are empowered to do as you please  
My mind was lost in translation  
And my heart has become a cold and impassive machineLeave me alone  
I must disassociate from youI won't let you control my feelings anymore  
And I will no longer do as I am told  
And I am no longer afraid to walk alone  
Let me go  
Let me be  
I am escaping  
From your grip  
You will never own me again
