

# Come Into My Head (M-Phazes Remix)

Kimbra

It's no use, we're gonna have a fight  
You've thrown your words 'round a thousand times  
Like a child who can't empathize  
You don't speak the language  
You don't read my signs  
You wanna know what I really think  
You wanna know what I really believe  
There's a fire burning up in here  
See the smoke coming out of my ears  
Oh no, we both know  
More trouble's gonna find us  
If we're all alone  
I wanna show you what I really mean  
But you're always on the outside looking in  
Oh won't you come into my head  
Come inside, lie down in my head  
Oh won't you come into my head  
I just wanna have you up in my head  
Look through my eyes, I'm your binocular  
And every time you get a shock you'll learn  
What's it like to be in my dimension  
I'll be the center of your attention  
Come listen to all the sounds I hear  
The quiet prose and the crack in my snare  
Make your mark on my territory  
Carve your name in every cavity  
Oh no, we both know  
More trouble's gonna find us  
If we're all alone  
I wanna show you what I really mean  
But you're always on the outside looking in  
Oh won't you come into my head  
Come inside, lie down in my head  
Oh won't you come into my head  
I just wanna have you up in my head  
Oh won't you come into my head  
Come inside, lie down in my head  
Oh won't you come into my head  
I just wanna have you up in my head  
Oh want piece of my mind  
Emphatic and erratic at the drop of a dime  
Oh you want a piece of my mind  
Climatic and dramatic like Jekyll and Hyde  
Oh you want to read my mind  
Emphatic and erratic at the drop of a dime  
Oh you wanna piece of my mind  
Da, da, da, da, da, da, da, da, da  
Like the blood running through my veins  
That's my DNA and my chemistry  
But from the pews of the congregation  
You'll never know the real salvation  
You wanna know what I really think

You wanna know what I really believe  
There's a fire burning up in here  
See the smoke coming out of my ears Oh won't you come into my head  
Come inside, lie down in my head  
Oh won't you come into my head  
I just wanna have you up in my head Oh want a piece of my mind  
Climatic and dramatic like Jekyll and Hyde  
Oh want a piece of my mind  
Emphatic and erratic at the drop of a dime  
Oh want piece of my mind  
Da, da, da, da, da, da, da, da, da
