

Lorraine

Stage Dolls

(T. FlakneB. Icon)

Johnny went off duty, caught a bullet from a gun

They sent a car back to his mama's place

To tell her 'bout her son

Oh, now he's just a picture on the wall

Gave his life, makes no sense at all

Watch out

(who knows where the wind will blow)

Take hold

(who's next to go)

Watch out

(could be you or me)

Watch out

(who knows where the wind will blow)

Take hold

(who's next to go)

Watch out

(could be you or me)

Johnny got his orders, when I was just a child

Died in Hanoi waters, yeah it's been quite a while

Oh, got his picture hangin' on the wall

Gave his life, makes no sense at all

Watch out

(who knows where the wind will blow)

Take hold

(who's next to go)

Watch out

(could be you or me)

I got his picture hangin' on the wall

Gave his life, makes no sense at all

Watch out

(who knows where the wind will blow)

Take hold

(who's next to go)

Watch out

(could be you or me)

Rep. chorus to fade
