Let's Ride

Ja Rule

Fuckin' clown ass motherfuckas, man
Who they think they fuckin' with?
These niggas must be out of their fuckin' minds or somethin'
So, what you wanna do?
Where my bitches down to freak wit me?
(C'mon let's ride)
How many niggaz down to roll wit me?
(C'mon let's ride)
Where my bitches that would lie for me?
(C'mon let's ride)
How many niggaz that would die for me
Die for me, die for me
Where the fuck my thugs at?
Ready or not nigga ain't no turnin' back
Where the fuck my hoes at
Who I pimp hard when they wanna get to a tap
But you know you can do that love
I'm just hear to fuck you know that, love
What you want, baby roll it or what while you think about
Twist me a douche, you holdin' me up
How many bitches wanna ride wit me
Or cum through wit the top down like ?
Where my bitches at? Hop in make it fast don't slow me down
Where the fuck my killers at, end of the light
Weight now pop a gun wit them now
Niggas don't want it now, bet you motherfuckas foldin' now
Where the fuck them clowns at
Kickin' the dough for the pussy by the hour
Where the fuck them whores at, get your dough, mama
I'm ride till the end of the road, baby
This life gonna drive me crazy
Been gettin' high lately
Wonderin' where the Lord gonna take me
Where the fuck my gangstaz at?
Cool never sweat under the gun
Where the fuck my mistress at?
At cock back ready to pop something
Since you niggaz all about frontin'
Let's see when and how you really want it

Y'all don't want my thugs to get up on it
Leave it alone but, we bought our liquor, now
Where my bitches down to freak wit me?
(C'mon let's ride)
How many niggaz down to roll wit me?
(C'mon let's ride)
Where my bitches that would lie for me?
(C'mon let's ride)
How many niggaz that would die for me
Die for me, die for me
Where my bitches down to freak wit me?
(C'mon let's ride)
How many niggaz down to roll wit me?
(C'mon let's ride)
Where my bitches that would lie for me?
(C'mon let's ride)

How many niggaz that would die for me
Die for me, die for me
Bitch niggaz, better smarten up
Before I bring out the toast and touch you up
Fuckin' wit Ja, you know you got a lot of luck
But nowadays you ain't gettin' out as much
What the fuck iz up baby boy you scared or what
I swiss nothin' but the hot shit
So, I hear you wanna pop shit, you don't know who you
Fuckin' wit, let me show why life's a bitch
I went through drug money, hustlin' every day just to get a taste
Through gun or blood money, killin' niggaz back then for a small face
Got in the hot money, whats yours was mine in every case
Now it's play money, spit the raw and if more get chased
Holla out my niggaz, be the word of mouth
My bitches bang head like the dirty south nigga bounce
Row my niggaz, ride my bitches if you ain't heard nigga ride out wit us
Where the fuck all my murderers, hit up wit the heat, nigga just because
Got the whole world wonderin what the motive was, let's ride
Where my bitches down to freak wit me?
(C'mon let's ride)
How many niggaz down to roll wit me?
(C'mon let's ride)
Where my bitches that would lie for me?
(C'mon let's ride)
How many niggaz that would die for me
Die for me, die for me
The Lord is callin' me recently but ain't got time to speak

Lord what you want with me, hope it ain't my time for the grim to reap
Niggaz be killin me, turn around, look them mud eye gun' em down
That's how I hit' em in it, cool 'em off, what the fuck is you hollin' bout
Niggaz be runnin' wild paid to strip, let'em have till the sun hit
Will never calm down deal wit it, a lot of niggaz get killed for this
Especially my niggaz, rest in peace to my dogs who I love to death
For when I die niggaz, heaven and hell
I've been down wit some of the best, yeah, niggaz
Where my bitches down to freak wit me?
(C'mon let's ride)
How many niggaz down to roll wit me?
(C'mon let's ride)
Where my bitches that would lie for me?
(C'mon let's ride)
How many niggaz that would die for me
Die for me, die for me
Where my bitches down to freak wit me?
(C'mon let's ride)
How many niggaz down to roll wit me?
(C'mon let's ride)
Where my bitches that would lie for me?
(C'mon let's ride)
How many niggaz that would die for me
Die for me, die for me
C'mon let's ride, c'mon let's ride, c'mon let's ride
C'mon let's ride, c'mon let's ride, c'mon let's ride
