Prison Break

Xylos

Itâ€™s nearly done
And I know it wonâ€™t be long
So come hold my hand
Letâ€™s dream while we can

My favourite all-time show
is playing on the radio
The play is at its end
And its been a trip my friend

The stars fade out their light
like sleeping fireflies

Itâ€™s like a Prison break
You dream to make
So take a deep breath
until your escape

And when you pull on through
weâ€™ll welcome you
to the home that youâ€™ve held onto

The play is at its end
And its been a trip my friend
Faint memories
flow by on a breeze

The stars fade out their light
like sleeping fireflies

Itâ€™s like a Prison break
You dream to make
So take a deep breath
until your escape

And when you pull on through
weâ€™ll welcome you
to the home
that youâ€™ve held onto

Itâ€™s like a Prison break
