Holidays

Caravelli

This always happens to me
Just when I feel happy
They go and turn on me againThe same thing every time
I go out on a line
Everyone else turns out fineHolidays are all the same
Always have myself to blame
Don't want to feel this way againWhen it's a day of days
I go into a craze
My head and body feel malaiseHolidays are all the same
Always have myself to blame
Don't want to feel this way again
