

Exclusively

Marques Houston

When we started out, girl, we weren't official
If I didn't see you everyday, it wasn't an issue
Damn, look how we've grown
The only thing I spend my money on, yeah, yeah
I didn't even used to tell you that I missed you
Now I'm rushing through my day just to be with you
You're like a new drug I'm on and I can't leave you alone
Don't understand what's going on with me
Baby, you done changed me all around
Got me really thinking 'bout putting my pimp cup down
Exclusively, yeah, yeah
How I was living, I done backed it up
'Bout to trade a two-seater for a family truck
Exclusively, exclusively, yeah, yeah
Oh, I'm usually not the type to get caught up
I had to stop and think, rewind this thing up
Either I'm losing my mind or I'm falling in love
I don't wanna be, no, oh
After looking for some strip club love
Have 30 women in VIP, off in the club
Oh baby, all I'm tryna say, with you is where I wanna be
I don't understand what's going on with me, yeah
Baby, you done changed me all around
Got me really thinking 'bout putting my pimp cup down
Exclusively, just wanna love you exclusively, yeah, oh
How I was living, I done backed it up
'Bout to trade a two-seater for a family truck
Exclusively, exclusively, yeah, yeah
Yeah, tired of playing around
Gotta shut this thing down like this
Yeah, I just wanna be with you
[Incomprehensible][Incomprehensible]Baby, you done changed me all around
Got me really thinking 'bout putting my pimp cup down
Exclusively, yeah, yeah
How I was living, I done backed it up
'Bout to trade a two-seater for a family truck
Exclusively, exclusively, yeah, yeah
Baby, you done changed me all around
Got me really thinking 'bout putting my pimp cup down

Exclusively, exclusively
How I was living, I done backed it up
'Bout to trade a two-seater for a family truck
Exclusively, exclusively, yeah, yeah
