

# Bye Simple

## Kill Paradise

Oh Jessie I need you  
Im so sorry for what youve been through  
I know its so hard for you  
But you will always prevail So it seems like weve been old and weve also been so young  
Im so astonished that you have come this far along  
But all you need to do is pray  
I swear one day  
Everything will be okay But all you have is me and I swear I got your back  
And well always be together and well always be on track  
I could swear to God I love you  
You're killing me with tears  
But youll never be the same Jessie  
And thats soaring dear  
Okay Jessie I wish that  
You were still a locket and I'll put it in your pocket  
Oh Im sad today is our last day together  
I will have to make the best of it  
If I could wish upon a star Id do it,  
But we blew it and we're sad cause we're doing it again  
I swear to you Id go die for you  
Take a stab for you  
And swing my blades for you But all you have is me and I swear I got your back  
And well always be together and well always be on track  
I could swear to God I love you  
You're killing me with tears  
But youll never be the same Jessie  
And that's soaring dear  
Okay Ohh Jessie I, I love you Dont you remember when?  
We went to your parents' house to discuss with them,  
Where we had been that night and they were scared  
They started to cry  
We just laughed and we said our last goodbye And all you have is me and I swear I got your back  
And well always be together and well always be on track  
I could swear to God I love you  
You're killing me with tears  
But youll never be the same Jessie  
And that's soaring dear  
Okay Jessie where did you go?
