## Rebelution

I was heading somewhere  
I can't remember  
I thought I saw you out there  
But you vanished quick and I thought I lost my mind  
I was just thinking  
Maybe I'm losing my sight  
And I believe it  
So many years gone by, think I've lost my mindHave I lost my mind?  
Think I've lost my mindI was heading nowhere  
Just wasting my time  
And I don't care  
Lately it feels just fine, have I lost my mind?Have I lost my mind?  
Think I've lost my mind  
Have I lost my mind?  
Think I've lost my mind
