

Under the Knife

Chevelle

Are you drunk or has your ego grown and
Swallowed you whole
No wonder I would rather be under the knife
Commandeer most accused
Just want to be tossed aside to
Know when to fight Who has the knife to settle this
When you're the last to know
I started 1976
And that wasn't fast enough I planned a journey 'round your psycho fury
Go ahead call me a nervous
Life just owes ya something Give me the knife Who has the life to spend on this
When you're the last to know
I started 1976
And that wasn't fast enough It's in the back of the mind
It's in the back of the mind
It's in the back of the mind
It's in the back of the mind Well who has the knife to settle this
When you're the last to know
I started 1976
And that wasn't fast enough Well
Who has the life to spend on this
When you're the last to know
I started 1976
And that wasn't fast enough It's in the back of the mind
The back of the mind
It's in the back of the mind
In the back of the mind
