

Take A Picture

Carly Rae Jepsen

i could take a picture of you and me together
no one would believe me, no one would believe me
say it in a whisper, that baby it don't get much better
would i like to see you again
you name the day, and i will pick the city
we'll fly away, till then call me when you miss me
if you're asking if i'd really like to see you again
i say ohhhhhh, just say when
tell me that you're feeling, this you and me together
no one would believe me, even i cannot believe it
you kiss me like you mean it, oh baby it don't get much better
would i like to see you again, darling just say when
you name the day, and i will pick the city
we'll fly away, till then call me when you miss me

if you're asking if i'd really like to see you again
i say ohhhhhh, just say when
do you know words i thought they'd keep us apart
i'm ignoring my head, following my heart
ohhhhh, you name the day darling, and i will pick the city
we'll fly away, till then call me when you miss me
i am willing to wait cause i just got to see you again
so don't mess, noooo, just say when
you name the day, and i will pick the city
we'll fly away, till then call me when you miss me
if you're asking if i'd really like to see you again
i say ohhhhhh
i could take a picture of you and me together
no one would believe me, no one would believe me
