Home( About Last Night EP )Came home
Everything was a blur
All mixed up and messed up
Eyes all tired and broken
Came home
Everything was a blur
All mixed up and messed up
Eyes all tired and broken
Came home
Everything was a blurI saw the map
I've found the map
It was floating and faded and torn
The missing pieces they were gone
This does not make sense
It's all so incomplete
It's all so incomplete
