

# Must Be the Music

## The Summer Set

Oh my god  
Did that just really happen?  
Man this night is getting weird,  
I'm freaking out,  
And everybody's clapping  
Did my clothes just disappear? It's like i'm looking in the mirror at someone else  
Stole my best friends' girl now i'm going to hell  
Howling at the moon, no i'm not myself  
And i can't believe it  
Living up the night with the walking dead,  
Who's this monster in my bed?  
By five in the morning i'll forget. I'm gonna lose it,  
Jump off the roof screaming, "I Can Fly!"  
Dare me to do it,  
What's taking over my brain tonight?  
Must be the music  
Must be the music This DJ sucks  
And I ain't going no where til he plays my favorite song  
Give me a shot, and  
Let me blow your speakers with "you shook me all night long" And i just spilled my drink  
And sold my soul  
Lit the house on fire  
Gonna rock and roll  
Everybody look out cause I've lost control  
And I kinda like it.  
Living up the night with the walking dead,  
Who's this creepin' in my bed?  
When the sun comes up i won't regret. I'm gonna lose it  
Jump off the roof screaming, "I Can Fly!"  
Dare me to do it  
What's taking over my brain tonight?  
Must be the music  
Must be the music  
I'm gonna lose it  
Must be the music Must be the music,  
That's got me shaking like an addict dude,  
Flyin' so high i'm gonna need a parachute  
When I come down,  
When I come down, Must be the music I'm gonna lose it

Jump off the roof screaming, "I Can Fly!"

Dare me to do it,

What's taking over my brain tonight?

Must be the music

Must be the music

I'm gonna lose it

Must be the music. Oh my god

Did that just really happen?

Man this night is getting weird.
