Glorify The King

Kem

Sometimes I fail to see
You're the reason that I believe
You sacrificied your love for me
Inspite of all the bad decisions that I make
And this is why I say
I will glorify the King
The one that I adore
When no other heart could ever love me more
You magnify your life in me
With no regard for all the promises I break
And this is why I say
I will glorify the King
We glory, we glorify the Lord
Glorify the King
We glory, we glorify the Lord
Glorify the King

Let all the angels sing
And glorify his holy name
And rejoice believe in his love
Power and grace!
Lift every voice let the praises erupt
Unto the king of kings
Honour and strenght the lord of my faith
And this is why I say
I know that I'll never be the same
So I glorify the king
'Cause now I see
You're the reason that I believe
Because you gave your life for me
I will worship you with every breath I take
The more I pray
The more will Christmas stay
And this is why I say
I will glorify the King
