

# Light In The Sky

[Axel Rudi Pell](#)

Don't close your eyes,  
Could be forever,  
Don't close the door,  
On the way to the starsGet hypnotized,  
Lost in the shadows,  
Don't hear the howl,  
Of the wolf anymoreWe're climbing a mountain of rocks,  
Seeing the eternal flame,  
They tried to hold us back from above,  
Saying this trip's not a game.  
Light in the sky,  
There's no returning,  
Light in the sky,  
Lost for all eternityWe're on the move,  
We're going nowhere,  
Touching the roof,  
On the top of the world
