

Grace

Devin Townsend Project

We know that it's only human
We know that it's only love
We know that its far too close to home
To see it now Love all we can before
We learn all we came for
Learn all we can before
The road leads to home Grace, grace, grace, grace High road warning
High road warning Grace, grace, grace, grace High road warning
High road warning Laugh, love, live, learn
Laugh, love, live, learn Eternal I, eternal I, eternal I, I, I, I My child tells me
We are the fallen men
My child tells me
We are the fallen men Laugh, love, live, learn
Laugh, love, live, learn Oh my god Grace, grace, grace, grace Never fear love
(High)
Never fear love
(Road)
Never fear love
(Warning) Never fear love
(High)
Never fear love
(Road)
Never fear love
(Warning) We know that it's only human
We know that it's only love
Love, love, love, love, love, love, love
Love all we can I know the way and you know the way
We all fall down if we fear love Never fear love
Never fear love
Never fear love
(Warning) Never fear love
Never fear love
Never fear love
(Warning)
