## Digital Underground

Humpty Hump]  
Ahh yeah tie the knot tie tie the knot  
Tie the knot tie tie the knot  
\*some off key singing of Here Comes the Bride by Digital Underground\*  
Tie the knot tie tie the knot (2X)  
Uhh kick it y'all  
[Humpty talking while they sing]  
Ahh yeah  
[Shock G]  
Heheheheheh  
Yo Hump gonna do a lil somethin like this  
Lots of little knots that need to be tied  
A pair of knuckleheads walkin side by side  
down the altar, you say to yourself, "I will not falter"  
Saw the def cutie that made your heart sing  
But you're thinkin it -- how did I get myself in this predicament?  
You hop to the shop to get a ring (a big diamond)  
You hopped to the shop and got a ring...  
You hop to the shop to buy a ring (a BIG DIAMOND!)  
But now you're at the altar, your goose is cooked  
Felt left out cause all your friends are hooked  
You say a prayer, "Lord please give me strength to make it through"  
Opened up your nervous mouth, slipped and said, "I do"  
Look you do son, now hurry up and kiss the brizide  
I don't, IdoIdoIdo, I don't I don't, IdoIdo, I don't, I don't  
Peace said the father, cause now the knot is tied  
[DU] Tie the knot, tie tie the knot
