Headcase

KMFDM

You think youre better, two steps ahead
You got a long, long way to go
Shut that hole up in your face
With your foot in mouth, do more harm than goodNot the measure, above all things
What I aspire to
Watch your step, dont lose your head
You might just get whats coming to youA bad movie Ive seen before
I read you like a book
I let it slide for long enough
But this time youre not off the hookWe got a problem, were in a fix
And its all because of you
Got a scratch, a bone to pick
Well youve bitten off more than you can chewTheres not a remedy, apology
Yeah, you made quite sure of that
Youre out of luck, Ive had enough
Now its me flipping out on youYeah, I think Im ready for the axe to grind
Got a point to prove and I never lose
Dont for a second turn your back on me
Youre not getting off so easilyOnce and for all put in your place
How loud can you get with my fist in your face?
You brought this all down upon yourself
Fuck you, bitch, go to hellFool me once, shame on you
Fool me twice
Come on motherfucker, make my dayIts too late for wrong or right
I'm finished playing nice
You set off this whole charade
If you get what you give
What you got is a headcaseTheres no way to treat you right
The olive branch has snapped
You burned the bridge, called the dogs
If you get what you give
What you got is a headcase
