My Energy

The Naked and Famous

Promise you will rescue me
If I bind you with my energy
I'll blind you babe, a fast one see
Comfort you in my diseaseStanding there with outstretched arms
Vaccinated to my charms
Know that I will only waste
The next few months by saving graceI saw you breathing as we woke
I felt the shake before it broke
I saw the future swallow all the love we've known
'Cause it's all just been one big jokeIf we're going off your past
Nothing you can build will last
A partial cleanse, a bloody bath
Rolling in the aftermathWe should move before these hearts
(Defuse in the love we are losing)
Ripen as the boredom starts
(Inside the sea of changes)
And what a lackluster performance, babe
(Regardless, we're gonna discard this)
Twitching as the interest fadesI saw you breathing as we woke
I felt the shake before it broke
I saw the future swallow all the love we've known
'Cause it's all just been one big jokeAnd now we're giving it up, giving it up, giving it up
(One big joke)
And now we're giving it up, giving it up, giving it up
(One big joke)
And now we're giving it up, giving it up, giving it up
(One big joke)
And now we're giving it up, giving it up, giving it up
(One big joke)I saw you breathing as we woke
I felt the shake before it broke
I saw the future swallow all the love we've known
'Cause it's all just been one big jokeI saw you breathing as we woke
I felt the shake before it broke
I saw the future swallow all the love we've known
'Cause it's all just been one big jokeI saw you breathing as we woke
