

# On & On

Ben Lee

Without a gun I'd be defenseless against you  
Without a doubt I'd lose everything I have  
Last chance, something I'm trying to tell you  
It's clear, you're really not my friend  
On and on while you're gone  
On and on while you're gone  
Someday rise and realize I'm fine  
So strange not waking up by your side  
On and on while you're gone  
On and on while you're gone  
Anywhere you have to go  
Any risk you have to take  
Anything you need to know  
Any heart you have to break  
If you hear me, come near me  
This is is your song  
On and on while you're gone  
8 o'clock, watch the TV  
9 o'clock, I think I'm going to Hell  
10 o'clock, why'd you leave me  
11 o'clock I'm not doing so well  
Anywhere you have to go  
Any risk you have to take  
Anything you need to know  
Any heart you have to break  
If you hear me, don't fear me  
This is your song  
On and on while you're gone  
On and on while you're gone
