

I'd Rather Be Wine Drunk

The City On Film

i would rather be wine drunk
than sober and clear
under these streetlights and
glowing with you here
you are my little furnace
you are my favorite song and
we're dancing in public
to the sounds of our town
to the traffic rolling down the i
i would rather be wine drunk
than sober and clear
when we're together
in weather so dear and
the ending so near and
all i want is right here
