

# The Force of Gravity (Orjan Nilsen Remix)

**BT**

Remember the words we used to speak  
The promises made have turned to all apologies  
The weight of the storm of memories  
Still you're flying to fight the force of gravity I remember the days I still could breathe  
Now I'm sinking beneath, the waves are crashing over me  
The empty space I lay between  
Is all that's left of where our love was meant to be Do you cry your eyes asleep?  
Is it peace you seek at night when your body's weak?  
Did it leave you with the scars of a war-torn ravaged heart?  
Do you cry your eyes asleep? Do you cry your eyes asleep?  
Is it peace you seek at night when your body's weak?  
Do you cry your eyes asleep?  
Is it peace you seek at night when your body's weak?
