Breathe You In

Monrose

[Mandy:]Was it something that I said
Something that I did
Something that I once wrote
That turned your eyes to me
Made you believe
[Senna:]There was something in the air
Something I never felt
Somehow I needed you more
You took my breath away
I'll never be the same
[Bahar:]There's something that you do to me
I lose my sense of gravity
[Chorus][Senna:]Every time that you look at me
The air is filled with the love I need
And I breathe you in
I breathe you in
And every time we say goodnight
I hold your hand and I close my eyes
And I breathe you in
I breathe you in again
(Again, Again, Again, Again, Again)
[Bahar:]I'm addicted to your scent
Addicted to your walk
I'm addicted to your smile
I cannot last a day
You take away the pain
[Mandy:]With every breath that I take
Every beat of my heart
I feel you're running through my veins
Keeping me alive

I need you to survive
[Senna:]There is something that you do to me
(To me, to me)
I lose my sense of gravity
[Chorus][Bahar:]Every time that you look at me
The air is filled with the love I need
And I breathe you in
I breathe you in

And every time we say goodnight
I hold your hand and I close my eyes
And I breathe you in
I breathe you in again
Again Again Again Again Again
[Chorus][Mandy:]Every time that you look at me
The air is filled with the love I need
And I breathe you in
I breathe you in
And every time we say goodnight
I hold your hand and I close my eyes
And I breathe you in
I breathe you in again
(Again, Again, Again, Again, Again)
Again Again Again Again Again
[Senna:]And I Breathe
[Bahar:]And every time we say goodnight
I hold your hand and I close my eyes
And I breathe you in
I breathe you in again
