

Flood

Muddy Waters

So cloudy, so cloudy, I believe this gonna rain,
So cloudy, so cloudy, I believe it's goin' to rain,
I don't believe my woman love me,
She love with another man. Got look at the weather, I believe it's goin' to be a flood,
Got look at the weather, I believe it's goin' to be a flood,
I believe my baby gonna quit me,
Because I can feel it all in my blood. Oh, stop and listen, don't you hear how the thunder roars,
Oh, stop and listen, don't you hear how the thunder roars,
I'm so blue and lonesome,
Don't you hear how the wind is blowin'
