

# I'm Leaving You Again

## New Edition

Girl, I'm leaving you again  
Never thought I'd tell you when  
I know how you must feel  
But if your love's for real  
You'd try to understand  
That I'm a popular demand  
When we first met, I told you how it would be  
You said you understood and that you'd still keep loving me  
Now it seems your changing your mind  
Each and everytime  
Now you wanted to be with me  
You just wait and see  
Because of today  
It has to be this way, oh  
Girl, I'm leaving you again  
Never thought I'd tell you when  
I know how you must feel  
But if your love's for real  
You'd try to understand  
That I'm a popular demand  
Girl, I wish that there was a way  
For you and I to stay together  
Forever everyday  
Girl, I would give you all of my love  
And place no one above  
And girl, you want to be with me  
You just wait and see  
But as up to then it has to be this way, oh  
Girl, I'm leaving you again  
Never thought I'd tell you when  
I know how you must feel  
But if your love's for real  
You'd try to understand  
That I'm a popular demand  
Oh girl, please tell me  
Is there a way  
For you and I to stay together  
Forever everyday, oh oh oh  
Please tell me

Will you still love me?  
We gotta understand the way I live  
'Cause that's the way it has to be  
Shoop shoop doo wop  
Means I'm never gonna give you up  
Shoop shoop doo wop  
Means I'm never gonna give you up  
Shoop shoop doo wop  
Means I'm never gonna give you up  
...
