I Want Your Love

Ultrabeat

I want your love
I want your love
Move it right up to me
Like you know you should
And make me know you're doin'
All of the right things
'Cause, makin' lots of money
And livin' in a dream
Is when you know you're doin'
All of the right things
Push it, oh, don't push it
Push it, oh, don't push it
Push it, oh, don't push it
Push it
'Cause, baby, I want your love
I want your lovin' baby
Baby, I want your love
Bet you think you're funny
Just hangin' with my friends
They make you think you're sayin'
All of the right things
When you gonna wake up
And when you gonna see
That they're just glad you give me
All of the right things
Push it, oh, don't push it
Push it, oh, don't push it
Push it, oh, don't push it
Push it, oh, don't push it
'Cause, baby, I want your love
I want your lovin' baby
Baby, I want your love, yeah
Push it, oh, don't push it
Push it, oh, don't push it
Push it, oh, don't push it
Push it, oh, don't push it
Push it, oh, don't push it
Push it, oh, make way, just don't
Push it, oh, don't push it

Push it
You said you're gonna call me
And I wait by the phone
I need to hear you sayin'
All of the right things
'Cause, boy I got your number
I'm tryin' to play it cool
But you'd better be doing
All of the right things
Push it, oh, don't push it
Push it, oh, don't push it
Push it, oh, don't push it
Push it, oh, don't push it
'Cause, baby, I want your love
I want your lovin' baby
Baby, I want your love
'Cause, baby, I want your love
Baby, I want your love
'Cause, baby, I want your love
I want your lovin' baby
Baby, I want your love
Push it, oh, push it, oh
Push it, oh, push it
