Let You Down

Casey Donahew Band

No one knows what goes on inside of your head
And everything seems to be okay
And you're the same as you've always been
If I'd listened, would you have talked to me?
I don't wanna let you down
But I can't even pick up myself
I only wanted to make you proud
But I don't think I can do this anymore
When did this crowded room get so lonely?
And everyone keeps looking at me
I'm tired of faking my life
I'm so tired, I don't wanna feel this way
I don't wanna let you down
But I can't even pick up myself
I only wanted to make you proud
But I don't think I can do this anymore
Do this anymore
And you mean more, you mean so much more
And you mean more, you mean so much more
And you mean more and you mean so much more
And you mean more and you mean so much more
I don't wanna let you down
But I can't even pick up myself
I only wanted to make you proud
But I don't think I can do this anymore
