

I Need You

The Muffs

I need you so bad, yeah
It's not a lot for me to ask of you to lend a helping hand
I need you right now, yeah
In every day and every way to love you, yeah, I don't know how
You don't want to take the time for the clearing
of my mind
Yeah, it's just a waste of time
I need you
Something always snaps at me whenever you're near
Something always snaps at me whenever you're near
Something always snaps at me whenever you're near
Something always snaps at me whenever you're near
I need you
I need you
I need you
