

# Sweet Virginia

[Dickey Betts](#)

Sweet Virginia I believe in you  
Little things she say and do  
With just her smile you taste the blues  
Sweet Virginia I believe in you I don't care what somebody say  
Ain't nobody gonna make it alone  
Might get down on your knees and pray  
Without someone to love you won't last long Sweet Virginia I believe in you  
Little things she say and do  
With just her smile you taste the blues  
Sweet Virginia I believe in you  
Sweet love some roses and wine  
Dreaming of tomorrow looking at today  
Right in that alter knowing all the time  
All it is all it ever will be is right now anyway Sweet Virginia I believe in you  
Little things she say and do  
With just her smile you taste the blues  
Sweet Virginia I believe in you  
Sweet Virginia I believe in you  
Little things she say and do  
With just her smile you taste the blues  
Sweet Virginia I believe in you
