

# Elisir

Gigi D'Agostino

Love  
Love for me  
Is love  
Love for me  
I call your name  
I keep on looking for you  
And I don't know  
Don't know where go where Can set over night  
I keep so over me  
There is no way  
The way to stop me falling Believe in me  
I can set you free a night  
You never Elisir enough Oh, no  
Something's thinking over me Your love  
Your love  
Your love is on my mind Your love is for me
