

It Was Faith

Puddle Of Mudd

Knew you were heaven sent
?Cause you threw my heart into the cage again
So I?m hanging on but letting go
And I can?t stop this, it?s bigger than I?ve ever known
I?m not alone
And I?m here because of faith
And not all the times you left me bleeding
It was faith
Not all the times you left me bleeding
You kept me going
I want you to know thanks to you, I?ve come around
It was faith
I?ve been awakened by the lonely tears falling down my face again
And the bitterness on my skin
It?s not forgotten but you?ve forgiven everything
I?ve ever done
And I?m here because of faith
And not all the times you left me bleeding
It was faith
Not all the times you left me bleeding

You kept me going
I want you to know thanks to you, I?ve come around, yeah
You know it was faith
[Incomprehensible] Yeah, you know it was faith
[Incomprehensible] today
Thought you were heaven sent
But you threw my heart into the cage again
And I?m here because of faith
And not all the times you left me bleeding
It was faith
Not all the times you left me bleeding
You kept me going
I want you to know thanks to you, I?ve come around
Somehow
You kept me going
I want you to know thanks to you, I?ve come around
I want you to know that we?ve become closer now
It was faith
