Benjamin Booker

You get them curse and you give them chills
Last time I saw you, you seen me...
But you kept that scar, you kept that bruise
You had it all, you just had to chill.She don't mind the world when calling
And she ain't looking down the road.
And she don't mind the loneliness
And she didn't mind that infidelity.We gonna find the wrong way
And you gonna find the wrong way
But you're walking...
It's all I got, don't need more!
I know it's going up in the air,
But I feel it's going up in the air.
She don't mind the world when calling
And she ain't looking down the road.
And she don't mind the loneliness
And she didn't mind that infidelity...
