

I Know I Know I Know

Tegan And Sara

Hundreds of miles, yeah, you cry like a baby
You plead with me, shout, scream, tell me I'm staying
I know, I know, I know, I'm still your love Back from the last place that I wanted to fake
You laugh with me, shout, scream, now tell me you're staying
I know, I know, I know, you're still my love The same as I love you
You'll always love me too
This love isn't good unless
It's me and you Box after box and you're still by my side
The weather is changing and breaking my stride
I know, I know, I know, it's just this day House after house, just like car after car
You see club after club and it all seems so far
I know, I know, I know, what else are we here for? The same as I love you
You'll always love me too
This love isn't good unless
It's me and you Stick your hands inside of my pockets
Keep them warm while I'm still here
Tell them this love hasn't changed me
Hasn't changed me at all Last night I was writing about you
I know my screaming and shouting won't keep you
I know, I know, I know, you're still my love I wake up to the sound of you working
You're one room right over, you're stressing and loving me
I know, I know, I know, be still my love The same as I love you
You'll always love me too
This love isn't good unless
It's me and you Stick your hands inside of my pockets
Keep them warm while I'm still here
Tell them this love hasn't changed me
Hasn't changed me at all And stick your heart inside of my chest
Keep it warm here while we rest
Tell them this love hasn't changed me
Hasn't changed me at all The same as I love you
You'll always love me too
This love isn't good unless
It's me and you The same as I love you
You'll always love me too
This love isn't good unless
It's me and you
