Sweater

Terry Reid

If I had met her wearing the sweater
I would feel better than I do today
She would deplore me and just stand there in the door
Would come out to play with me then I would show you the ways of the sea
Have you got time for me love
Me
Walk out and follow meFollowed the daughter, looked into the water
Walked out the water and I caught hold of her hand
Pulling me under my ears filled with thunder
Like a peal of bells falling out of the sky
So I begin to feel that life is fine
Fine
The thing was in the light oo oo ohTo see
What I meanIf I had met her wearing the sweater
I would feel better than I do today
Ignore me, stand in the doorway
Come out to play with me then I will show you the ways of the sea
Follow me
I will show you the ways of the sea
