

3 Days Ago (Amended Version)

Mario Winans

Time, is taken a tour on my life
These days keep on passing me by
I want to see you but there's is no time
So I sit here and stare at the sky
And I'm hopin' that you realize I Want to feel you
But there's no time.[Chorus]
Yesterday you said that we can get away
The day before I was gone like any other day
3 days ago I wrote this song just for you
Will I ever get ahead through to you Time, just won't see me I do I
I'm still waiting for you to reply
I need to hear you but there's no time
So else keep this line
I can't deny I miss you
Can we spend more time[Chorus]I've waited so long
To wait for you
And spend all my food
Will I ever get through?
What can I do
To get this to
My love is for you
My love is for me I just can't waste any more time
So tell me what's with you and I
I waited for you so give me time[Chorus: x2]Baby, baby, oh will I ever get
Through to you baby?
