## Scanner

We have come, we traveled space through the galaxies  
From a place that's named Galactos  
Led by R.M.U.

Behind our back the unseen focus all-electric fate  
Avoiding warfare's deadly tactics

Rescue infantry we act superiorLike a hawk in the sky - programmed to trace (we can watch ya)

Like a hawk in the sky - we zoom into ya

Like a hawk in the sky - invisible strike (we can watch ya)

Like a hawk in the sky - we keep the balance, lead the way

Contradictions, rotten morality, did you ever learn?

Hypocrites and puny humans

If there's a judgment day you better pray

We observe each single movement, feel our presence everywhere

In your houses out in the streets

Perpetually we stare hidden from your sightLike a hawk in the sky - programmed to trace (we can watch ya)

Like a hawk in the sky - we zoom into ya

Like a hawk in the sky - invisible strike (we can watch ya)

Like a hawk in the sky - we keep the balance, lead the way

Stop the wars!

No need to be brave men!

Cease the fights!

Now!
