## Sand

## **28 Days**

The sand is sifting by I only know that I will die And pay my taxes The rest is touch and goWish I could just catch a glimpse Of what's in store, I've wanted since I can't recall, I never know what to do Never had a clueI feel the future Don't tell me that you don't Feel it slip away, slip away Feel it slip awayThe sand is sifting by I only know that I will die And pay my taxes The rest is touch and goWish I could just catch a glimpse Of what's in store, I've wanted since I can't recall, I never know what to do Never had a clueI feel the future Don't tell me that you don't Feel it slip away, slip awayI feel the future Don't tell me that you don't Feel it slip away, feel it slip awayI feel the future Don't tell me that you don't Feel it slip away, feel it slip away The sand is sifting by I only know that I will die And pay my taxes The rest is touch and goWish I could just catch a glimpse Of what's in store, I've wanted since I can't recall, never know what to do Never had a clue
