

Girl On The Roof

David Mead

Is she jumping? What an evening
To admire the view
Flower in her hair
 Girl on the roof
I can see her, I believe her
So would I say something true
 Love is in the air
 Girl on the roof
In the balance of the silence
From the street down below
 Crowding is everywhere
 Dying to know
I can see her, I believe her
Is she asking for proof
 Love is in the air
 Girl on the roof
 Love is in the air
What a perfect day to find
 Nothing could compare
What a waste to turn and wave goodbye
Is she thinking of the meaning
That we all want to know
 Crowd is gonna stare
 Girl doesn't show
I can see her, I believe her
But could I say something new
 Love is in the air
 Girl on the roof
 Love is in the air
What a perfect day to find
 Nothing could compare...
