Here 2 China

Calvin Harris

Yeah
Yo
Alright let me just cool this right now quicklySuper trippy riding through the gritty inner city roll with the committee
Handle your business or handle the pity all I see is lots of titties
I know bunch of hippie chicks that's ready to show me tricks
They doing the splits I'm all up in the mix, a choir out the mist
I'm taking trips, I'm in the Ferrari looking sick, I'm in the Ferrari looking slick
Letting the engine rip and getting a tire
A' grippin' ah slippin' and slidin'
Turning the music up I'm vibing now I'm flying
Lord strap me if I'm lying I ain't perfect but I'm trying
Going super sire and buying anything that catches my eye
Cause I'm a provider getting it in from here to China
It's so minor I'm a survivor, never retire
I'm a black tiger ready to blaze to the fire, live wire
Now I'm rolling through the shires blazing the green to get me higher
Now I'm inspired putting the pressure on the back tires
Making a hasty get away having a better day in every way
Than yesterday, I guess there's nothing left to sayGetting it in from here to China (getting it in from here to China)
Getting it in from here to China (getting it in from here to China)
Getting it in from here to China (getting it in from here to China)
Getting it in from here to China (getting it in from here to China)
Getting it in from here to China (getting it in from here to China)
Getting it in from here to China (getting it in from here to China)
Getting it in from here to China (getting it in from here to China)
Getting it in from here to China (getting it in from here to China)Wind in my face, chilling in Versace shades
Wearing a fresh pair of gaze looking like car just been paid
Stupid I don't play no games switching out lanes on these lames
Switching out dames simple and plain
No I can't be contained plus I'm raw and untamed
I'm so far from mundane getting ghost is my aim
I suggest you do the same taking a trip out to Spain
With my girl Mary Jane and she stays on my brain
Like a big gravy train paparazzi on my case
Giving chase cameras flashing in my face
All up in my space gotta pick up the pace
Singing amazing grace I'm in an amazing place

With crazy papes, I ain't like them other lazy apes
I used to blaze the tapes so now I stays hoping for my break
Making no mistakes now I rolling with the breaks
But still book time for my original mates
So we don't bubble with hate we just get on with it
You brothers are constipated and your shit is over rated
You should save itGetting it in from here to China (getting it in from here to China)
Getting it in from here to China (getting it in from here to China)
Getting it in from here to China (getting it in from here to China)
Getting it in from here to China (getting it in from here to China)
Getting it in from here to China (getting it in from here to China)
Getting it in from here to China (getting it in from here to China)
Getting it in from here to China (getting it in from here to China)
Getting it in from here to China (getting it in from here to China)
