

Here 2 China

Calvin Harris

Yeah

Yo

Alright let me just cool this right now quickly Super trippy riding through the gritty inner city roll with the committee

Handle your business or handle the pity all I see is lots of titties

I know bunch of hippie chicks that's ready to show me tricks

They doing the splits I'm all up in the mix, a choir out the mist

I'm taking trips, I'm in the Ferrari looking sick, I'm in the Ferrari looking slick

Letting the engine rip and getting a tire

A' grippin' ah slippin' and slidin'

Turning the music up I'm vibing now I'm flying

Lord strap me if I'm lying I ain't perfect but I'm trying

Going super sire and buying anything that catches my eye

Cause I'm a provider getting it in from here to China

It's so minor I'm a survivor, never retire

I'm a black tiger ready to blaze to the fire, live wire

Now I'm rolling through the shires blazing the green to get me higher

Now I'm inspired putting the pressure on the back tires

Making a hasty get away having a better day in every way

Than yesterday, I guess there's nothing left to say Getting it in from here to China (getting it in from here to China)

Getting it in from here to China (getting it in from here to China)

Getting it in from here to China (getting it in from here to China)

Getting it in from here to China (getting it in from here to China)

Getting it in from here to China (getting it in from here to China)

Getting it in from here to China (getting it in from here to China)

Getting it in from here to China (getting it in from here to China)

Getting it in from here to China (getting it in from here to China) Wind in my face, chilling in Versace shades

Wearing a fresh pair of gaze looking like car just been paid

Stupid I don't play no games switching out lanes on these lames

Switching out dames simple and plain

No I can't be contained plus I'm raw and untamed

I'm so far from mundane getting ghost is my aim

I suggest you do the same taking a trip out to Spain

With my girl Mary Jane and she stays on my brain

Like a big gravy train paparazzi on my case

Giving chase cameras flashing in my face

All up in my space gotta pick up the pace

Singing amazing grace I'm in an amazing place

With crazy papes, I ain't like them other lazy apes
I used to blaze the tapes so now I stays hoping for my break
Making no mistakes now I rolling with the breaks
But still book time for my original mates
So we don't bubble with hate we just get on with it
You brothers are constipated and your shit is over rated
You should save itGetting it in from here to China (getting it in from here to China)
Getting it in from here to China (getting it in from here to China)
Getting it in from here to China (getting it in from here to China)
Getting it in from here to China (getting it in from here to China)
Getting it in from here to China (getting it in from here to China)
Getting it in from here to China (getting it in from here to China)
Getting it in from here to China (getting it in from here to China)
