

# Gypsy Black Cat

**Hollis Brown**

Think I'm goin any Ma'. Think I'm going to what I need. I won't take it for granted, like all the things that you have seen. If you're walking down the road, with nowhere to go, or you're floating on the sea, you can count on me. I met a girl she's quiet. Her daddy used to beat her good. A gypsy needs a black cat. A sad man needs a woman too. I hope one day I love her. I hope one day she loves me too.
