It's Just a Ride

One Minute Silence

I wanna hear what the man with the gun has to say
When he says what he has to say
I wanna know why the man has a gun
And the gun not the man, keeps the world at bayI wanna know what the man with the plan
Had in mind when he said, What will be will be
I wanna hear what the man has to say
What the man has to say might just save meWatch me reel them in
Watch me reel them in
(Watch me reel them in)
Watch me reel them in
Watch me reel them in
(Watch me reel them in)I wanna know what the man on the street has to say
When he says what he has to say
I wanna feel what the man on the street gets to feel
When we turn and we walk awayI wanna hear what the man at the top
Has to say for himself on judgment day
I wanna hear what the man has to say
What the man has to say might just save meWatch me reel them in
Watch me reel them in
(Watch me reel them in)
Watch me reel them in
Watch me reel them in
(Watch me reel them in)Watch me reel them in
Watch me reel them in
(Watch me reel them in)
Watch me reel them in
Watch me reel them in
(Watch me reel them in)It's just a ride, ride
It's just a ride, ride
It's just a ride, ride
It's just aIt's just a ride, ride
It's just a ride, ride
It's just a ride, ride
It's just aIt's just a ride, ride
It's just a ride, ride
It's just a ride, ride
It's just aIt's just a ride, ride
It's just a ride, ride
It's just a ride, ride

It's just aIt's just a
It's just a
It's just a rideI wanna say it to you now, while I can
While I am what I am, while I am what I see
