

My Name

Sean Paul

I don't see you again
B'cause of them Sometimes I hear you callin' out my name
And I can hear you deep down inna mi brain
If I'm a fool I've only got myself to blame
Self to blame, self to blame
Well I can see the sign 'cause I'm not blind
Although you're not mine from time to time
I've got to make you know you are my sunshine
My sunshine, my sunshine I love you baby but you don't love me back, why?
You drive me crazy 'cause yu fi gi mi dat bly
You make me high, I just can't deny
Love out potential a fill up inna I and I Just give me the privilege and run away yu man
